Kentucky Department of Agriculture

Dear Friends,

Welcome to the 34th Annual Kentucky Farm Bureau Beef Expo! Through the ups and downs of the beef cattle market, the Beef Expo has held steady, averaging a million dollars in annual sales over the last five years. We hope this year's event will be no different.

At the Beef Expo, cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. The leading beef cattle state east of the Mississippi River, Kentucky, truly is the place to be for the beef industry on the first weekend in March.

The Kentucky Department of Agriculture (KDA) is hard at work to help cattle producers succeed. The KDA seeks new domestic and foreign markets for Kentucky Proud agricultural products, and last year I named a longtime leader in Kentucky agriculture, Tim Hughes, to head up our trade efforts. The Office of the State Veterinarian works with our partners at USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks when they occur.

While you're in Louisville, we hope you'll take the time to enjoy Kentucky Proud foods in some of the dozens of restaurants in Louisville's nationally acclaimed local food scene.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Dr. Ryan F. Quarles
Kentucky Commissioner of Agriculture

WELCOME TO THE 2020 KENTUCKY FARM BUREAU BEEF EXPO

For the last 34 years, the Kentucky Farm Bureau (KFB) Beef Expo has served as a premiere showcase of some of the best beef cattle in the region, and this year will be no exception.

Whether you are buying, selling, showing or spectating, the expo is the place to be to see just how strong the cattle industry is in this state, and why Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

We are very proud of that fact and are fortunate to be in a place where our producers take such great pride in being a part of one of the top sectors of our entire agricultural industry.

Over the years we have seen Kentucky's cattle industry, as a whole, grow in numbers and quality which not only benefits our cattle operations, but other ag sectors in our state, as well.

The cattle industry here represents 12 percent of the state's overall farm cash receipts of \$5.9 billion. With these kinds of numbers, it shows how important Kentucky's cattle farms are to the efforts of keeping our rural communities sustainable, and a vital component of the Commonwealth's economic development endeavors.

We hope you enjoy your time at this year's KFB Beef Expo, and we look forward to many more years as a top beef cattle marketing event in this state and the surrounding region.

Sincerely,

Mark Haney, President
Kentucky Farm Bureau

KFB100 YEARS

Fellow Cattlemen,

It is with great pleasure that the Kentucky Black Hereford Association is hosting the inaugural Black Hereford Sale at the Kentucky Beef Expo in Louisville, Kentucky. We would like to recognize and thank the Kentucky Department of Agriculture and Kentucky Farm Bureau for their efforts in the support of this long running annual event.

The popularity of Black Hereford cattle continues to grow at a rapid pace. Cattlemen everywhere have come to learn the many genetic benefits of this great breed of cattle. Black Hereford cattle have the appearance of what many would consider a black baldy. Our association's breeding rules along with the cattle's performance, fertility, maternal traits, and the overall docility of this exciting breed proves that we are much more than just another pretty face. Never before has a breed of cattle grown in popularity and recognition as quickly as the Black Hereford.

In this first sale, we have a limited number of lots in the offering. However, there is no shortage of quality. We have been very careful in selecting quality animals and genetic lots that will represent the breed well.

I want to personally invite you to join us at this inaugural sale and witness for yourself what all the excitement is about. If you have any questions, please feel free to contact me.

We look forward to seeing you there!

Sincerely,
Tim Tarter
Sale Manager

Here is a May 10, 2019 heifer that has all the right pieces to make it to the top! Her paternal 1/2 sib is the 3 time National Champion LL Loretta that was bred and raised here at Legendary Livestock. This young gal has all the potential to follow in her sister's footsteps! She goes back to some of the greats in this breed, like JM Cattle Resolve A746, Revolution 4R, and Trust 100w. Her dam, a Trust 100w daughter, is the biggest middled and deepest bodied cow in our herd. We have been waiting on a black heifer from her since we began breeding Black Herefords, but because we are dedicated to offering only our best, it is our loss and your gain! Buy with confidence! This gal will hang some banners!

Consigned by Rolling Hills Farm

We purchased KT Miss Brickhouse at the top of the 2018 ABHA National Sale and she has produced even better than our lofty expectations. Her first calf was the 2019 Reserve National Champion Purebred Bull. She produced 15 grade ones eggs in the hottest part of summer and bred back via AI on the first attempt. The sire of the embryos, JM BLZ Press On 5152 799, is a sound, rugged Homo Black, Homo Polled sire owned by Triple C Black Herefords in Alabama. The resulting calves could potentially be homo black and homo polled.

Guarantee of one pregnancy if work is done by a certified embryologist.
Embryos will be available for pick-up on sale day.
