Kentucky Department of Agriculture

Dear Friends,

Welcome to the 34th Annual Kentucky Farm Bureau Beef Expo! Through the ups and downs of the beef cattle market, the Beef Expo has held steady, averaging a million dollars in annual sales over the last five years. We hope this year's event will be no different.

At the Beef Expo, cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. The leading beef cattle state east of the Mississippi River, Kentucky, truly is the place to be for the beef industry on the first weekend in March.

The Kentucky Department of Agriculture (KDA) is hard at work to help cattle producers succeed. The KDA seeks new domestic and foreign markets for Kentucky Proud agricultural products, and last year I named a longtime leader in Kentucky agriculture, Tim Hughes, to head up our trade efforts. The Office of the State Veterinarian works with our partners at USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks when they occur.

While you're in Louisville, we hope you'll take the time to enjoy Kentucky Proud foods in some of the dozens of restaurants in Louisville's nationally acclaimed local food scene.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Dr. Ryan F. Quarles

WELCOME TO THE 2020 KENTUCKY FARM BUREAU BEEF EXPO

For the last 34 years, the Kentucky Farm Bureau (KFB) Beef Expo has served as a premiere showcase of some of the best beef cattle in the region, and this year will be no exception.

Whether you are buying, selling, showing or spectating, the expo is the place to be to see just how strong the cattle industry is in this state, and why Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

We are very proud of that fact and are fortunate to be in a place where our producers take such great pride in being a part of one of the top sectors of our entire agricultural industry.

Over the years we have seen Kentucky's cattle industry, as a whole, grow in numbers and quality which not only benefits our cattle operations, but other ag sectors in our state, as well.

The cattle industry here represents 12 percent of the state's overall farm cash receipts of \$5.9 billion. With these kinds of numbers, it shows how important Kentucky's cattle farms are to the efforts of keeping our rural communities sustainable, and a vital component of the Commonwealth's economic development endeavors.

We hope you enjoy your time at this year's KFB Beef Expo, and we look forward to many more years as a top beef cattle marketing event in this state and the surrounding region.

Sincerely,

Mark Haney, President
Kentucky Farm Bureau

Shuter's Ellianna should come to Louisville with some quick return on your investment. She is due mid-February to Mardan's Ray's Promise. Her momma traces back to the Wiese Starlett cow that we brought back from Kansas via the Valentine cow that was one of our favorites that we ever had on the place. Super stout with a ton of rib and volume, if there ever was an easy keeper, she was it. The Terrain bull should need no introduction as he served as a top herdsire for us and left us with some top quality females.

Her dam is also the dam of Shuter's Dakota and Shuter's Brandy, both National Champions themselves. No guesswork here, this little lady should make a solid producer for years to come.

Gidget is no exception and is sired by our National Champion herdsire, Shuter's Dakota. Gidget combines the width and dimension of Dakota with the balance, eye appeal and production genetics of her dam and should make a top quality cow. Since 1919, Kentucky Farm Bureau has been a steadfast advocate for farm families and rural communities across the Commonwealth who are the backbone of our economy and our way of life. As we move forward into our second century of service, we will continue to ensure the challenges and issues facing Kentucky agriculture are addressed by our leaders in Frankfort and Washington, DC. Why Farm Bureau? Because Kentucky farmers deserve a strong and unified voice.
