From the West, follow I-64 east to fairground signs
From the East, follow I-64 west or I-71 south to Waterson Expressway (I-264) to fairground signs

Dear friends,

Welcome to the 34th Annual Kentucky Farm Bureau Beef Expo! Through the ups and downs of the beef cattle market, the Beef Expo has held steady, averaging a million dollars in annual sales over the last five years. We hope this year's event will be no different.

At the Beef Expo, cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. The leading beef cattle state east of the Mississippi River, Kentucky, truly is the place to be for the beef industry on the first weekend in March.

The Kentucky Department of Agriculture (KDA) is hard at work to help cattle producers succeed. The KDA seeks new domestic and foreign markets for Kentucky Proud agricultural products, and last year I named a longtime leader in Kentucky agriculture, Tim Hughes, to head up our trade efforts. The Office of the State Veterinarian works with our partners at USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks when they occur.

While you're in Louisville, we hope you'll take the time to enjoy Kentucky Proud foods in some of the dozens of restaurants in Louisville's nationally acclaimed local food scene.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Dr. Ryan F. Quarles
Kentucky Commissioner of Agriculture

Welcome to the 2020 Kentucky Farm Bureau Beef Expo. For the last 34 years, the Kentucky Farm Bureau (KFB) Beef Expo has served as a premiere showcase of some of the best beef cattle in the region, and this year will be no exception.

Whether you are buying, selling, showing or spectating, the expo is the place to be to see just how strong the cattle industry is in this state, and why Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

We are very proud of that fact and are fortunate to be in a place where our producers take such great pride in being a part of one of the top sectors of our entire agricultural industry.

Over the years we have seen Kentucky's cattle industry, as a whole, grow in numbers and quality which not only benefits our cattle operations, but other ag sectors in our state, as well.

The cattle industry here represents 12 percent of the state's overall farm cash receipts of \$5.9 billion. With these kinds of numbers, it shows how important Kentucky's cattle farms are to the efforts of keeping our rural communities sustainable, and a vital component of the Commonwealth's economic development endeavors.

We hope you enjoy your time at this year's KFB Beef Expo, and we look forward to many more years as a top beef cattle marketing event in this state and the surrounding region.

Sincerely,

Mark Haney, President
Kentucky Farm Bureau

- Herd Bull Alert! From the ground up, 2G excels. This dark red bull is good footed, packed full of red meat and has the look we all desire. Sired by the growing popular Pilgrim from Churchill Cattle Co. and out of an ultra-productive Online 122L daughter. He boasts a 1.5 BW to a 85 YW, notice his excellent CE at 8.6, which ranks him in the top 10% of the breed for this trait. If you're looking for a low birth weight, calving ease bull that isn't going to sacrifice performance and look, here's your bull!

- This one sure gets us excited. 61G has been a favorite since she hit the ground last spring. Sired by the growing popular Churchill Pilgrim 632D, whose progeny is making quite the noise around the country. Most recently, Pilgrim, sired the 2019 NAILE champion bull, H The Profit 8426 ET. 61G is out of a tremendous 4-year old, Walker Dance 546C. 546C has tremendous look, style and maternal functionality all while sporting a strong line of EPDs. You will appreciate 61G's striking look from the profile while still carrying ample rib shape and dimension. Smooth in her lines with a super set of running gear underneath her, this female has all of the right pieces to put you into the purple down the road. Not only is she an elite show heifer prospect, she also has a fantastic set of EPDs. Bid in confidence on this superb show heifer prospect that is built to generate dollars for year to come!
- Sells open.

- If you are looking for a good footed, easy fleshing and maternal cattle, then look no further than 9G. This gal has been a joy to watch develop. We purchased 9G's dam, Miss Domino 1545, out of the pick of the Rausch herd that sold in the 2018 Mile High Night sale. 1545 sure hit the ground running as evidence in her natural calf. Sired by Hyalite Resource 774, a herd bull used extensively in the Rausch Herefords operation in Hoven, SD. 9G is elegant fronted, with dimension and with added length to her spine as well as possessing a super set of EPDs. Posting a BW to YW spread of 3.5 to 105. Combining her phenotype and EPD profile, furthers our belief that this female has a bright future ahead of her when she enters production. We think this female will be a valuable breeding piece to even the most progressive Hereford breeder. Be sure to find this one come sale day.
- Sells open.

- This polled cow is the first show heifer for our niece, Kaitlyn Potter of Zionsville, IN. She is ready to experience the other side of the show ring — selling and learning more about the business by offering this pair, complete with a fancy heifer calf by Shaw's Mandate bull. The young cow is just a first calf heifer, sound, beautiful udder and bred back to sexed semen on Boyd 31Z Blueprint 6153, for a September baby. The October 2019 heifer calf will be ready to show for your next generation and she is fancy and looking for banners — that might just be due to the fact that this pair descends from the WPF 90W Romalee (Kira is a maternal sister to Romalee) family that also produced our two-time national champion, Aubrey's Carly, that was just named Polled Show Heifer of the Year.

- Take notice of this bred heifer. She has the look to compete as a Senior Yearling this summer and has the potential to produce a show baby for 2021. Her grandmother, 95Z, has been a top donor for our friends at Cottage Hill, she has produced several very nice females for them. Her sire has produced some very flashy calves for our show string as well.
- Pasture exposed Nov. 1 to Dec. 31, 2019, to CHF TTF 3001 Legacy 6602 ET (P43767812). This bull sired the calf of the 2019 Keystone Champion Cow-Calf pair, exhibited by Ralph E. Ulman and Sons.

- We are proud to be a part of the Kentucky Beef Expo and in that we offer you some of best in 1G. A direct daughter of the up and coming Pilgrim 632D from Churchill Cattle Co., out of an ultra-productive On Target 936 daughter. 1G puts it all together with added look, dimension and style. This girl is sound from the ground up and kid broke. An excellent junior prospect for even the youngest exhibitor. Combining her look with excellent EPDs furthers our belief that 1G will excel in the show ring but also being extremely productive as a brood cow. Be sure to find this gal come sale day.

- Just like the main character of a classic American novel, Great Gatsby, is powerful, has prominence and will offer you wealth by adding value to your cow herd. This bull is heavily pigmented, short marked and is an attention-grabber. He offers tremendous muscle shape but yet is very functional in his structural design. The sire of Gatsby came from River Valley in Canada and was a very popular 2018 Kentucky State Fair Reserve Champion Bull. Gatsby's dam is a feature cow in our herd and came from Perks Ranch. Buy this bull and write your own chapter of the Great Gatsby.
- Selling ¾ interest and full possession
- Consigned by River Bend Herefords, Waldron, Ind.

- Goldie is an April heifer with style and presence. She is feminine, free moving with long body and level design. Her sire, KJ BJ 319X TNT 323C ET, was a member of the 2016 NWSS Reserve Champion Carload for Jensen Bros. The dam of this heifer is from our Goldie cow family which blends both Star Lake and Medonte genetics. Goldie will only get better with time and should be tremendous in the pasture.

- Here is a May heifer that is dark cherry red and attractive made throughout. She is very striking on the profile, deep sided, soggy and level hipped. Her sire, TNT 323C, is a bull we own with Jensen Bros. He produces calves that are moderate and performance based, as his dam is the famous Veve 319X donor. Good Time Gal's dam is by the 2012 NAILE senior champion, Elm-Lodge Explorer 6X.

- Eli is from the first flush of our 2016 NAILE division winner, NS 028X Lady 417. Eli resembles his sire 33Z in many ways, he is big footed, structurally sound, long spined and very athletic. Eli is dark red to the ground and extended in his front one third. He is as impressive to look at on paper as he is on hoof, with a tremendous EPD package. We used Eli to clean up a few replacements and the average birth weight of his progeny was 74 lb. With his impressive documentation and his eye appealing phenotype, HF Eli 704 ET, will move any program forward.
- Semen tested and DNA profiled.
- Consigned by Hines Family Cattle, Patriot, Ohio

- Gabe is the natural calf out of NS 4R Rachael 51Z ET, who recently sold to MGM Polled Herefords in Wisconsin. Before making her way to the donor pen, 51Z was crowned the 2017 NAILE senior yearling calf champion. Like his dam, 903, has that sought after phenotype, being structurally sound, deep sided, huge hiped and free moving. 903's EPD profile allows his new owner performance without sacrificing phenotype. This well documented son of UPS Sensation 2504 ET will be an asset to any program.
- Semen tested.

- Fran is the result of a flush from our famed donor, Circle D Hadley 713. Hadley had an impressive show career stock piling many banners. 803, like her dam, possess the style and phenotype sought after by many. Sired by the performance UPS Sensation 2504 ET, Fran has an exciting EPD spread from a 1.4 BW to a 91 YW, with an impressive .66 REA. 803 is deep sided, clean fronted and structurally sound, which will allow her to be competitive on the bark this show season. HFC Fran 803 ET is balanced on the hoof and on paper which would make her a front pasture female.
- Breeding information available on sale day.
- Consigned by Hines Family Cattle, Patriot, Ohio

- Giovanna 908G ties together two of the top cow herds from both the Rausch and the young and progressive Gordon Cattle Co. operation. HR Miss Ozie 455 on the maternal side of this promising young female's pedigree was the 2007 selection of J.J. Detweiler Land & Cattle Co. as the pick of the Rausch Herefords in the Mile High Night sale in Denver, after multiple trips to SD to decide. Rausch has been the nation's leading home of Dams of Distinction since 1980. Paternally, 908G is a Captain daughter, who is a grandson of Gordon donor, LHF Lady Odyssey 909. In terms of data, holding true to the Gordon philosophy of balanced trait selection, this March female is solid across the board and exhibits breeding flexibility for both maternal and terminal traits.

- This moderate framed, easy fleshing summer heifer surfaced to the top of our replacement pen based on her unique type and exceptional pedigree. Out of one of our favorite young females on the farm who has been a maternal powerhouse for her first three calves. The UPS Nitro influence has resonated in the Hereford breed from coast to coast due to their look, grow and marketability; we now see why in this female's dam. Above average for WW, YW and CHBS and made right, Gemma 927G, checks a lot of the pertinent boxes for today's progressive cattlemen. The Captain progeny are valued in the Gordon program and will continue to be retained as their herd numbers grow.

- TH Frontier 174E has consistently done what Genex expected him to do, he has been a staple in the Hereford breed producing cattle with curve bending performance and consistent phenotype. He is rare find of real world calving ease and growth from weaning to yearling. Gwendolyn 724E is following in his footsteps nicely. 724E's dam was selected based on her phenotype to be shown regionally be a young exhibitor in our country. This April female is maternal through her front end, long sided and stacked with a proven pedigree.

- They say a picture is worth a thousand words — so there isn't much left to say after you admire this young lady's photo. Miss Goldie is a high performing, stout made, awesome brood cow in the making. Come March, the guess work will be out of the equation when it's time for you to purchase your next show heifer. This royally bred female traces back to the famed 206 donor cow, who is best known for producing DeLHawk Kahuna. Goldie will be a fun one to show and her best days will be in the pasture as an outstanding cow.

- Kelly is out of 24Z, who is the sire of the Denver champion, Reba and many others. We've had multiple 24Z daughters in production and they are really good cows. This heifers mother is the ideal Hereford cow, big bodied, stout featured and easy doing. This heifer is one that is built for the show ring and production. So long and extended, big bodied, soft structured and more than enough muscle. This one will only get better with age just like all of her sisters.

Terms and Conditions

Terms:	Terms of the sale are cash. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.
Purchase:	Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made. The animal can be left in the West Wing for 24 hours at the purchaser's risk of loss or injury.
Health:	All cattle will have health certificates that will enable them to be shipped to any state.
Consignor's Responsibility:	The seller is the responsible party for all representations made about his cattle. The management of the sale assumes no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.
Changes:	Changes in these conditions will be binding only when reduced to writing and signed by the seller, buyer or clerk of the sale. Verbal agreements result in misunderstanding and the above rule is made to avoid such. Any changes in breeding dates will be announced sale day. Announcements from the sale box take precedence over anything printed in this catalog.
Papers:	The certificates will be transferred to the buyer at the seller's expense. All calves born after the sale are to be registered by the purchaser. No AI certificates are furnished.
Note:	As the sale manager, Kentucky Hereford Association is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the owners of the consigned cattle nor the Kentucky Hereford Association assumes liability, legal or otherwise, for any accidents which may occur.

ADVOCACY

LEADERSHIP

SERVICE

**Advocating for farmers,
because they bring more to
the table than food.**

Since 1919, Kentucky Farm Bureau has been a steadfast advocate for farm families and rural communities across the Commonwealth who are the backbone of our economy and our way of life. As we move forward into our second century of service, we will continue to ensure the challenges and issues facing Kentucky agriculture are addressed by our leaders in Frankfort and Washington, DC. Why Farm Bureau? Because Kentucky farmers deserve a strong and unified voice.
