I've always heard a picture is worth a thousand words and that's certainly the case here! If this guy doesn't get you taking a second look when you see his picture, then I don't know what will. Study his picture and it gets pretty easy to keep the footnote short. This exciting young HOMO Polled red balancer has muscle, rib shape and a look from the profile to burn combine that with his perfect structure and the fact that he was the quietest disposition bull of our fall calf crop last year. His pedigree adds another intriguing element to his quality as he is an outcross to most ever hot pedigree in both the Gelbvieh and Red Angus breeds so the mating options are endless here! Big time herd sire here that's got the right pieces to work in all operations seedstock or commercial this one will put you way a head in a short time! Diluter free and Homo Polled by birth right.

We are pretty fond of this bull here at PCF, he is stout and thick throughout yet moves with ease. Being above the breed average in his weaning weight and yearling weight, we believe that 2G is going to put the pounds and bone you need in your herd but can also add the eye appeal we all love. He is docile and easily worked with. This is one you are going to want to bring home.

This guy is an exciting homo black, homo polled balancer bull that is as about as powerful of an individual as we have ever brought to expo. He has tremendous length of side, hip, width of top while being extremely deep and bold ribbed and comes with a balanced EPD profile. G761 is backed by 2 highly productive females in RID R Ms Halle 8R and GHGF Sweet Pea 6S with a shot of our two leading calving ease, female makers FMGF Blue's Impact 001X and SCC Top Shot (SAV Brilliance son). Not only is he good in person and strong on paper but he flat got it done in terms of actual growth too; 72-pound birthweight with a 108-weaning weight ratio from a group of 20 contemporaries all while nursing a standout first calf heifer. Homo Polled and Homo Black by birth right.

Lil Ed is a unique breeding piece that is sure to impact the breed. His sire, Blue's Impact, has done a tremendous job siring easing calving progeny that are easy fleshing and have unusual eye appeal in a purebred package. His progeny have won all the major shows as well as the Breeder's Choice Gelbvieh Bull Futurity. Lil Ed's dam, JENJ 605D ET, was one of the high selling females in the 2016 NAILE Showcase Gelbvieh/Balancer Sale. She was named Grand Champion Cow/Calf pair in 2019 and 2020 at the NAILE. Her dam, EGL Cirie, was the 2007 NWSS Grand Champion Balancer Female. 605D has made a tremendous, front pasture female. Lil Ed has done his share of winning as well. He was 2019 Ky State Fair Grand Champion Gelbvieh Bull and a Division Champion at the 2019 and 2020 NAILE. He has a smooth pattern with sound structure. He has a great all around EPD profile backed by a solid cow family. Selling 2 packages of 10 units on Lil Ed (Homozygous black, homozygous polled). Proceeds from one package will be donated to the Kentucky Beef Expo Junior Gelbvieh Show. Semen will be available sale day. Lil Ed will be on display at the KY Beef Expo. Be sure to come by and visit!

Big Andy D672 is an exciting Gelbvieh herd sire that combines calving ease, performance, maternal and carcass traits in an outcross pedigree. He is exceptionally sound with a big foot and ideal phenotype. His first calf crop produced some of the top selling individuals in the Eagle Pass Ranch dispersal. His daughters were viewed as some of the best in the dispersal. Upon acquiring Big Andy we sent him straight to collection. We made the decision to only sell 10 packages of 30 straws for the next two years on this breed improver. March 6 is when the last package will be offered for purchase. You'll definitely want to add these genetics to your herd! Selling 30 units of semen on Big Andy that will be available to pick up sale day.

WAM 021H is sired by Godfather and will no doubt follow in her dam's footsteps. She has the same eye appeal and flawless structure as her momma and like her mother she is homozygous black and homozygous polled. She is a fall born calf so she can be shown for 2 years. WAM 021H's dam, Diamond (Lot 19), was Jordan's show heifer in 2017 and was named Reserve Grand Champion Balancer heifer at the Kentucky State Fair. Diamond has developed into a front pasture, top producing cow. We expect great things from 021H in the show ring and pasture as well.

Ms Frontier Justice 063H is a homozygous black, homozygous polled Frontier Justice daughter out of Ms Maverick 126Y. Ms Maverick 126Y was a sale feature and our top pick from the 2018 Spring SoKY Select Sale. She has served as donor for several programs and has always produced some of our best calves. 063H's sire, 3G Frontier Justice, was purchased in Denver after being named 2019 Reserve Grand Champion Bull and the People's Choice Balancer Bull Futurity Runner Up. He has proven to be heifer acceptable without sacrificing performance. This is his first daughter we have offered, and we feel she is one of his best he has produced to date. She will be a great show heifer prospect and a great addition for genetic improvement. Sells open and ready to breed.

Rumfelt's Trina H96F ET is a full sister to the 2021 Reserve Grand Champion Balancer Female, KARR H96E ET. What a tremendous opportunity to own a full sister! Her sire, Deer Valley Growth Fund, is making a name for himself producing top Balancer genetics with outstanding eye appeal, performance, and EPDs. Her dam, Long Haul Princess E96A, is one of our best females. Her flush to Growth Fund has produced some outstanding individuals including a son that will likely anchor our 2021 show string. Trina is a beautifully made, structurally correct Balancer female that will be a great one in the show ring or the front pasture. Be sure to study her EPD profile. It's hard to find a female of this quality and that possesses outstanding EPD strength. Be sure to find her sale day!

Here is an exciting Hillbilly Hero daughter out to the Reserve Champion balancer female at the Junior Classic in Ohio. Her dam, DLW CTR Ms Sandhills 4505, not only had what it took to get it done in the ring but is proving to be a standout in production too just like the Sandhills daughters have come to be known for combine that with the maternal backing of Hillbilly and the guess work is done. This gal much like her mother has that highly competitive show heifer look and build but also has the essentials to be a top end female in the pasture; length of body, powerfully built, awesome structure with plenty of rib shape and a look from the side second to none. We think this one will be a real competitor not only this summer but will make a killer bred next fall and winter.

Rona is a great opportunity to add a top show heifer prospect. She is very gentle and perfect for a first timer. She is clean through her front third and stout made. She has a proven pedigree. Her sire, PVF Insight, is known for producing top show prospects in the Balancer breed. Rona's dam, Rozzoli Z55, is sired by Passion (the 2011 Breeder's Choice Gelbvieh Bull Futurity winner) and is a donor for our program. For breeders with some grey hair you'll appreciate that her maternal pedigree includes Bennett Ideal, Fosters, and the great Ms JR 108N4 79D ET! Rona's performance will allow her to be a great addition in the herd after her show career. Don't miss this one on sale day.

Man o man check out this girls picture and we think you will agree it's hard not to fall in love with this girl! You have to appreciate the overall mass, rib shape and fleshing ability of this November heifer. Combine that with her extremely high-quality look and flawless structure and you've got a winning combination. This one makes it even easier to love her as she's super laid back and puppy dog calm. Gentle enough for the youngest showman but quality enough to get the most competitive showman to the back drop. Homo black and homo polled are just a bonus for this impressive female. Exposed to our exciting young herd sire, DBRG Riptide 710E 930G (AGA1452507), who was the standout high seller at Rippe Gelbvieh bull sale last spring who unique combines breed leading EPDs with a look and build that's sure to sire cattle that will get to the backdrop and preform at the highest level in all aspects. Homo Polled and Homo Black by birth right.

WAM 932G is a homozygous black, homozygous polled Godfather daughter out of Ava Grace who was our pick of the J and K Gelbvieh bred heifer pen in 2016. The Ava Grace cow family has become one of our absolute best cow families. Many of us talk about what will it take for Gelbvieh and Balancer to have the top average at the KY Beef Expo. It really comes down to the quality of the offering. Steve and I are consigning one of, if not the best, bred heifer we have ever offered for sale. WAM 932G does everything we could want a heifer to do. She is easy keeping, big middled and sound. She combines Ava Grace with Godfather which has been a no miss mating for us so far and she is AI bred 11-9-2020 to JRI Proby, Judd Ranch's 2018 People's Choice Balancer Bull Futurity Champion and sire of 2020 National Champion Balancer bull, TJB Rebel Yell. We are retaining 1 flush on this donor prospect.

When we purchased Carolina 3326A ET during the 2019 National Sale in Denver we were excited to add her as a cornerstone breeding piece for our programs. Carolina 3326A is a homozygous black, homozygous polled, full sister to Carolina Exclusive 1230Y. Her performance, eye appeal and EPD profile allow numerous mating options. Her flush to Godfather was at the top of our list of "to dos" and we are anxious to see the resulting offspring from this tremendous mating. We are offering 4 frozen Grade 1 embryos sired by Godfather with a guarantee of 2 pregnancies if implanted by an agreed to embryologist. An additional frozen embryo will be supplied for each pregnancy less than two. Up to two additional embryos total may be supplied to fulfill the guarantee.

TERMS & CONDITIONS

Load Out

After settlement the animals purchased will need to be removed from the facility on Saturday, March 6th by dark unless arrangements are made with sale management prior to the sale.

Health

All cattle will be accompanied with health papers for shipment anywhere in the continental U.S.

Supplement Sheet

The supplement sheet and announcements from the auction block take precedence over the catalog.

Liability

All persons attending the sale do so at their own risk. Sale participants and/or the sale management assumes no liability for accidents, theft or damages occurring at the sale facility.

Trucking

Transportation for the cattle can be arranged after the sale. Please contact the sale management prior to the sale to discuss your transportation needs.

Terms & Conditions

All cattle will be sold at auction under the standard terms and conditions recommended by the American Gelbvieh Association. A copy of this may be obtained from the AGA or Slaughter Sale Management. Terms of the sale are cash or check at the conclusion of the sale unless prior arrangements are made.

E-mail: ryan.quarles@ky.gov

Dear friends,

I would like to welcome you to the 35th Annual Kentucky Farm Bureau Beef Expo. After a crazy 2020 that saw many events disrupted, I am grateful for the opportunity to participate once again in this staple of Kentucky's agriculture calendar.

Every year at the Beef Expo, Kentucky cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. This event is truly the place for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market and 2020 was no exception. The coronavirus brought incredible pressures on our food and agriculture sectors and had negative effects on market prices. In many ways, we are still fighting with some of the effects of those pressures, including long waitlists and backlogs at meat processors across the country. For our part in Kentucky, we worked quickly through the Kentucky Agricultural Development Fund (KADF) to develop a meat processing expansion program that has dedicated more than \$3.5 million of tobacco settlement and CARES Act dollars. While a lot of work remains, I believe that these investments are critical to the future of Kentucky, the largest beef cattle state east of the Mississippi River.

In addition to our work to support our cattle industry during the pandemic, the Kentucky Department of Agriculture (KDA)'s Office of State Veterinarian continued working with USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks. We also welcomed a new state veterinarian in Dr. Katie Flynn and a new deputy state veterinarian in Dr. Alex Hagan. Odds are you may see them here at the Beef Expo and I hope you will make them feel welcome in their new roles. And critically, our Division of Shows and Fairs continued supporting shows like this one all through the pandemic. Please join me in thanking them.

More so than usual, a lot of work went into making this event possible in this year. Be sure to thank the hardworking Kentucky Venues staff when you see them. However, the best way you show your gratitude is by following public health guidelines while at the Exposition Center. We appreciate you helping us make the Beef Expo safe.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Ryan F. Quarles

Welcome to the 2021 Kentucky Farm Bureau Beef Expo

As we celebrate the 35th year of the Kentucky Farm Bureau Beef Expo, we pause to remember all our farm families who have been affected by the COVID-19 pandemic over the past year.

It has been a tough one for many of us in the agriculture industry. But it has also been a time to seek new opportunities and be reminded of the blessings we still enjoy. One of those many blessings includes the wonderful cattle industry we have in this state.

Because of the hard work and dedication shown to this sector by producers throughout the Commonwealth, we are proud to know Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

The Kentucky Farm Bureau Beef Expo is a premier showcase of some of the best beef cattle anywhere, and an indicator of the quality cattle being produced in this state; a sector which represents 12 percent of the state's overall farm cash receipts of \$5.5 billion.

We hope your time spent at this year's Beef Expo is productive whether you have come to show, sell, or spectate, and we look forward to another great year as one of the premier beef cattle marketing events in this region of the country.

Sincerely,

A handwritten signature in black ink that reads "Mark Henry". The script is fluid and cursive.

Mark Henry
President
