### Welcome to the 2021 Kentucky Farm Bureau Beef Expo

As we celebrate the 35th year of the Kentucky Farm Bureau Beef Expo, we pause to remember all our farm families who have been affected by the COVID-19 pandemic over the past year.

It has been a tough one for many of us in the agriculture industry. But it has also been a time to seek new opportunities and be reminded of the blessings we still enjoy. One of those many blessings includes the wonderful cattle industry we have in this state.

Because of the hard work and dedication shown to this sector by producers throughout the Commonwealth, we are proud to know Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

The Kentucky Farm Bureau Beef Expo is a premiere showcase of some of the best beef cattle anywhere, and an indicator of the quality cattle being produced in this state; a sector which represents 12 percent of the state's overall farm cash receipts of \$5.5 billion.

We hope your time spent at this year's Beef Expo is productive whether you have come to show, sell, or spectate, and we look forward to another great year as one of the premiere beef cattle marketing events in this region of the country.

Sincerely,

*Mark Haney*

## Kentucky Department of Agriculture

Dear friends,

I would like to welcome you to the 35th Annual Kentucky Farm Bureau Beef Expo. After a crazy 2020 that saw many events disrupted, I am grateful for the opportunity to participate once again in this staple of Kentucky's agriculture calendar.

Every year at the Beef Expo, Kentucky cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. This event is truly the place for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market and 2020 was no exception. The coronavirus brought incredible pressures on our food and agriculture sectors and had negative effects on market prices. In many ways, we are still fighting with some of the effects of those pressures, including long waitlists and backlogs at meat processors across the country. For our part in Kentucky, we worked quickly through the Kentucky Agricultural Development Fund (KADF) to develop a meat processing expansion program that has dedicated more than \$3.5 million of tobacco settlement and CARES Act dollars. While a lot of work remains, I believe that these investments are critical to the future of Kentucky, the largest beef cattle state east of the Mississippi River.

In addition to our work to support our cattle industry during the pandemic, the Kentucky Department of Agriculture (KDA)'s Office of State Veterinarian continued working with USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks. We also welcomed a new state veterinarian in Dr. Katie Flynn and a new deputy state veterinarian in Dr. Alex Hagan. Odds are you may see them here at the Beef Expo and I hope you will make them feel welcome in their new roles. And critically, our Division of Shows and Fairs continued supporting shows like this one all through the pandemic. Please join me in thanking them.

More so than usual, a lot of work went into making this event possible in this year. Be sure to thank the hardworking Kentucky Venues staff when you see them. However, the best way you show your gratitude is by following public health guidelines while at the Exposition Center. We appreciate you helping us make the Beef Expo safe.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

*Ryan F. Quarles*

As said before, with Detour being one of our favorite bulls and having quite a few of his daughters on the ground, we want to offer another one. This little girl right here is another calf out of our oldest line of cows, and one of the lines we have enjoyed. She is sure to make a fine show calf and after her career is over she is sure to impress as a brood cow.

This dark red September heifer is one of the better heifers we have seen on the farm. She is extremely well balanced and sound footed. We are impressed with many of her siblings including her half brother that is selling today as well. Her genetics not only speak for themselves but are also recognized across the state. Not only will she look good out in the field but can also be an excellent show prospect for the coming years.

5Oak Haven 0084 is a potent genetic package. In the bottom side, we find the maternal legend Mulberry 26P. The impetus behind Mulberry Mayhem, he is well known for his influence of low maintenance, easy fleshing cattle, that have moderate birth weights and perfect udders. On the top side of 0084, her remarkable sire U2 Blue Collar 295E brings the influence of U2 Reckoning 149A. Reckoning is known for injecting a dark red color, tons of shape and extra look in a skeletally correct package with a beautiful udder. 0084 is long bodied, big boned, dark red female with great structure. An impressive heifer, influenced by distinguished lines!

5OAK Helen 0196 is backed by the famed Red Soo Line Countess 6409 cow family. 6409 is one of the most potent cow families in the Red Angus breed in terms of dollar generating capabilities. The maternal grandsire of 0196 is the Red Six Mile Signature 295B, bringing a strong influence of phenotype and power. On the top side, 0196 is sired by Red U2 Blue Collar 295E. He was a \$76,000 high seller out of the U2 ranch who has bred exceptional and his first calf crop took the U2 Dispersal by storm with multiple high selling progeny and a favorite sire group of the breeders in attendance. 0196 brings a long, extended front third in a big hipped, square pinned female that sets to the surface with authority. A top heifer from a legendary line!

A maternal sister to this girl did a lot of winning a couple years back for the Chafin's in Georgia. This heifer not only has a ton of style but she is a natural daughter of a cow that we pulled in to flush this past year. You can't go wrong by putting females like this into your program!

GT CITA 4060

MAJESTIC LIGHTNING 717 SGMR  
JK RED STAR 159 (1541524)  
JK RED RAZZY 98

Here is an ET mating out of our 159 cow. She is a half sib to our other consignment. A very powerful cow family with plenty of longevity. Add in the combination of Firestorm, and I think this heifer has a very bright future. 2029 has a super sweet disposition for a younger showperson if that is your objective.

## SFCC HANNAH 033H

BIEBER HARD DRIVE Y120  
SFCC FREE BIRD 804F (3894729)  
SFCC BACARDI 404B

RED NORTHLINE TRUEBLOOD 341T  
SRA TRUE PROMISE (1496300)  
SRA PICABO PROMISE

SFCC Hannah 033H is a very eye appealing, nicely balanced heifer that is really straight in her lines. Hannah's dam is a past graduate of the Kentucky Beef Expo Sale, where we grabbed her out of the pens from Scott Taylor and Family. True Promise was later named as the Champion Red Angus Female at the Indiana State Fair. Her sire, SFCC Free Bird 804F is a Hard Drive son that we sampled ourselves after a very impressive performance at the Indiana Bull Test program. As Hannah continues to come on and mature and as she continues to fill out and add body, we think this one will make a very impressive bred heifer and front pasture cow like her momma.

SFFF Hazel 008H is by Tommy Jack and out of our up and coming donor, J6 Ms. Holly D603. Holly was Jacob's 2nd show heifer and is one of our favorite cows. Hazel is the first heifer calf she has had for us. Hazel is long bodied and feminine fronted. Although she was exhibited as a feeder calf at the county fair by one of the neighbor kids, we'd recommend a bigger, older exhibitor if you plan to show her, but we think her best days will be spent in the pasture. Seeing as how D603 seems to always throw bulls, we probably shouldn't be selling this one, but we have committed to selling the top end of our heifer calves so don't miss this opportunity

Sire to Lot 16

AI Bred to Red DKF Racer 8E on 8/3/2020.  
Confirmed 10/5/2020. Due 5/12/21

A great opportunity for someone wanting a quick turn around, WDSC Isabelle G1 is a direct daughter of the famous NBAR Hamley S913. She has come to the end of her show career and is ready to work. She is a smooth fronted, moderate framed heifer that will be a great addition to someone's herd. Her dam has only gotten better with age and I think this heifer will follow suit!

*We're beyond excited to be offering semen on the Triple-Crown Champion, TWG Red Eye Special 301F. Without a doubt, one of the highest quality, soundest structured, most dimensional red angus bulls to walk. Sires this elite are few and far between, but offering this flush-quality semen is a true rarity! Red Eye Special has already seen heavy-use in Emerald, and we can't wait to see his impact across the breed!*

*This bull is ready to go out in the field and go to work. After breeding him to some of our cows, we are impressed with the offspring. This bull has several banners and division wins behind him including Reserve Grand Champion at the Kentucky State Junior Red Angus Show. This bull is long bodied and good footed. He is ready to work on first calf heifers or mature cows. Be sure to check him out as he would be an excellent addition toward your herd.*

Service Sire to Lot 35  
RRA Power Play 512

SFCC Gloria 960G is the first calf by our bred cow consignment, SFCC Elaine 762E. This bred female has plenty of power and dimension for her calving ease pedigree that puts her in the top 1% of the breed for BW, CED and CEM. Her sire, RRA Logistics 277 is one of our go to, calving ease sires. Logistics' dam, RRA Rachel 246 746 is easily one of my ALL TIME favorite cows of the breed. With Rachel on the top and going back to our 33Y cow on the bottom, there's tons of maternal bred into this dark red breeding piece. Gloria was AI'd on 12/4 to RRA Power Play 512 (1743254). Power Play was a division winner at NWSS before we purchased him from Rich Red Angus to headline our sire battery. He was a Power Eye son that was leaving his mark on our herd before we lost him prematurely. Luckily we had him collected and continue to use him a lot on heifers. After AI she ran with SFCC Gambino 907G (4123856) from 12/14 to 1/21.

Bull calf at side by  
UBAR High Capacity 224, born 9/3/2020  
AI'd on 12/4 to UBAR Grand Canyon 124 (805798)  
PE to SFCC Gambino 907G (4123856) 12/14 to 1/21

SFCC Elaine 762E is a super feminine, eye appealing cow with a near perfect udder. She is sired by the calving ease specialist, CSF Red Zone and traces to the 33Y donor female we purchased as one of the high sellers out of the Cowgirls sale from Lazy MC in Canada. We have used a son of the 33Y cow as well as have kept a few daughters, they just flat get it done. She has a Sept 3 bull calf at side by UBAR High Capacity 224. With the calving ease from the dam's pedigree and the performance from High Capacity, the little bull calf may well pay for the investment in momma. She has also been bred back, AI'd on 12/4 to UBAR Grand Canyon 124 (805798), a son of 1244G and out of the Copperqueen 7168 cow. Grand Canyon 124 was a bull that Kurt Rich urged me to buy semen on and use, as he had sired some of his favorite cattle over the years. She then ran with SFCC Gambino 907G (4123856), our home raised Hard Drive son, from 12/14 to 1/21.

PE Diamond P Fletch F804 # 4017524 since 1-11-2021

\$6500 Maternal Sister to Lot 42  
VETO Blockanna 107G

From the very top of nearly 30 first calf heifers we calved last fall. 407 is hard to miss for her natural thickness, depth, and eye appeal, all traits her dam is known for. 678 twice won the TN State Fair as a yearling and cow-calf pair and passes that look on to her daughters. Her dam is the incomparable Triple Crown winning Feddes Blockanna 807. Her Wideload heifer calf at side is stellar and a definite show heifer prospect.

Heifer calf at side by Pelton Wideload 78B, Born 9/3/20

AI'd 1/7/21 to WFL Merlin 018A

Sire to Lot 43  
Andras New Direction R240

A pedigree that needs very little introduction stacking New Direction on Gold Robber. Her dam is still going strong at 11 years. 119F is deep sided, square hipped with a nice udder. New Direction daughters are known for their productivity and Gold Robbers have more than proven themselves as productive females. Her heifer calf at side, sired by a son of Cowboy Cut is stylish and cowy made. Zaxby has been 'retired' for several years, this will likely be his last calf.

**WANTS LESS  
PARASITES.**

**WANTS LESS  
PARASITES.**

**DECTOMAX® AND VALBAZEN®, TWO THINGS YOUR ENTIRE OPERATION WILL AGREE ON.**

Protect your profits with DECTOMAX® Injectable or Pour-On, and give your herd unparalleled broad-spectrum parasite control. In fact, stocker trials have shown that cattle treated with DECTOMAX outperformed those treated with injectable ivermectin or ivermectin with clorsulon by up to 26 pounds.<sup>1</sup>

VALBAZEN® oral drench dewormer protects your profits and your herd, controlling 25 different parasites and larval stages. VALBAZEN is the only drench dewormer that controls *Cooperia* spp., *Ostertagia ostertagi* and liver flukes.

**LEARN MORE AT [GetLessParasites.com](http://GetLessParasites.com)**

DECTOMAX Injectable has a 35-day pre-slaughter withdrawal period. DECTOMAX Pour-On has a 45-day pre-slaughter withdrawal period. Do not use in female dairy cattle 20 months of age or older. Do not use in calves to be processed for veal. DECTOMAX has been developed specifically for cattle and swine. Use in dogs may result in fatalities.

Cattle must not be slaughtered within 27 days after the last treatment with VALBAZEN. Do not use in female dairy cattle of breeding age. Do not administer to female cattle during the first 45 days of pregnancy or for 45 days after removal of bulls.

**SALE TERMS & CONDITIONS**

**TERMS:** Terms of the sale are cash, check, credit card, or other terms agreed to in writing between seller, buyer and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale manager reserves the right to require certified check a settlement before releasing any cattle.

**PURCHASER'S RISK:** All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

**BIDDING:** Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

**CERTIFICATE OF REGISTRY:** A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

**ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the block. Such announcements shall take precedence over the information contained herein.

**HEALTH:** All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation for cattle can be arranged through the sale manager.

**BREEDING GUARANTEE:** All animals are guaranteed by the seller as outlined in the Red Angus Association of America Breeders Guide Sale Terms and Conditions.

**LIABILITIES:** All persons who attend the sale do so at their own risk. The seller, auction facility and sale manager assumes no liability for any accidents that may occur. Neither does the seller, auction facility or sales manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and seller. They are not responsible for in any way the failure on the part of the buyer or seller to live up to their obligations or for the part of the buyer or seller to live up to their obligations or for the truth of any warranties or representation, expressed or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action that may in exceptional cases to be taken must be between the buyer and the seller. This catalog has pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any expectations taken are between the buyer and seller.

**CONTRACT:** The above terms and conditions of sale shall constitute a contract between the buyer and seller or each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

**MAIL BIDS:** Mail bids will be accepted.

**TELEPHONE BIDS:** Telephone bids will be taken by the sale manager or committee members. The sale day numbers are listed on the consigner page of this catalog.
