Kentucky Department of Agriculture

Dear friends,

I would like to welcome you to the 35th Annual Kentucky Farm Bureau Beef Expo. After a crazy 2020 that saw many events disrupted, I am grateful for the opportunity to participate once again in this staple of Kentucky's agriculture calendar.

Every year at the Beef Expo, Kentucky cattlemen show and sell some of the best cattle in the country to buyers looking to upgrade their herd genetics or take home a show project. This event is truly the place for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market and 2020 was no exception. The coronavirus brought incredible pressures on our food and agriculture sectors and had negative effects on market prices. In many ways, we are still fighting with some of the effects of those pressures, including long waitlists and backlogs at meat processors across the country. For our part in Kentucky, we worked quickly through the Kentucky Agricultural Development Fund (KADF) to develop a meat processing expansion program that has dedicated more than \$3.5 million of tobacco settlement and CARES Act dollars. While a lot of work remains, I believe that these investments are critical to the future of Kentucky, the largest beef cattle state east of the Mississippi River.

In addition to our work to support our cattle industry during the pandemic, the Kentucky Department of Agriculture (KDA)'s Office of State Veterinarian continued working with USDA, Kentucky's two veterinary diagnostic laboratories, and private veterinary practice to protect Kentucky livestock and poultry from foreign animal diseases and eradicate disease outbreaks. We also welcomed a new state veterinarian in Dr. Katie Flynn and a new deputy state veterinarian in Dr. Alex Hagan. Odds are you may see them here at the Beef Expo and I hope you will make them feel welcome in their new roles. And critically, our Division of Shows and Fairs continued supporting shows like this one all through the pandemic. Please join me in thanking them.

More so than usual, a lot of work went into making this event possible in this year. Be sure to thank the hardworking Kentucky Venues staff when you see them. However, the best way you show your gratitude is by following public health guidelines while at the Exposition Center. We appreciate you helping us make the Beef Expo safe.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Dr. Ryan Quarles

Welcome to the 2021 Kentucky Farm Bureau Beef Expo

As we celebrate the 35th year of the Kentucky Farm Bureau Beef Expo, we pause to remember all our farm families who have been affected by the COVID-19 pandemic over the past year.

It has been a tough one for many of us in the agriculture industry. But it has also been a time to seek new opportunities and be reminded of the blessings we still enjoy. One of those many blessings includes the wonderful cattle industry we have in this state.

Because of the hard work and dedication shown to this sector by producers throughout the Commonwealth, we are proud to know Kentucky has become one of the top beef cattle producing states in the country, and certainly the largest east of the Mississippi.

The Kentucky Farm Bureau Beef Expo is a premiere showcase of some of the best beef cattle anywhere, and an indicator of the quality cattle being produced in this state; a sector which represents 12 percent of the state's overall farm cash receipts of \$5.5 billion.

We hope your time spent at this year's Beef Expo is productive whether you have come to show, sell, or spectate, and we look forward to another great year as one of the premiere beef cattle marketing events in this region of the country.

Sincerely,

Mark Haney
President

He is extremely docile and an easygoing bull that is an easy keeper. He carries the power of the Parkstyle bloodlines on both the top and the bottom of his pedigree. Don't let his age fool you. He might be young but he is a good bull. They say a bull produces females that look just like their mother and if that is true, you won't mind having a whole herd that looks like her.

Here is a good young female that was in our show string last year and competed very well. Katniss is out of a very promising young cow from Doll's and sired by Hill Top TM Expo that we have kept some good daughters out of. Her dam is out of JF Wildcat, the 2014 National Reserve Grand Champion Bull. She is bred to our new herd sire, Shuter's Freedom, who is a ¾ brother to Parkstyle Bentley, the 2018 National Grand Champion Bull. Freedom's first set of offspring were born last fall and are very promising.

This is one of the first females that we have offered in quite some time. This daughter looks to have all the potential of one of our foundation cows and then some. She has thrived on our grass/baleage program. If volume and great maternal history are on your list, take a good look. This female would make an outstanding addition to any herd, or a great place to start one. Breeding status announced sale day. Full health program.

Also raised on our pasture/bale program, this daughter is ready to make the move to becoming a great cow. We have been extremely happy with our calves from Carsons BB Starbuck, and we have the second crop on the ground now. He brings muscle and great conformation into the mix.
