Pen Sale Chairman

Online Bidding

Watch and bid online at www.DVAuction.com.

This sale will be broadcast live on the internet.

Sale Terms and Conditions

TERMS: Terms of the sale are cash or personal check. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids. Settlement must be made day of sale to JWC Marketing LLC.

PURCHASE: Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made. Animals may be left in the Pen Sale area until noon on the day after the sale.

HEALTH: All the cattle will be accompanied by the proper health certificate for immediate shipment. Out-of-state buyers should be aware of any special requirements and/or permits of their respective states and shall be responsible for same.

CONSIGNOR'S RESPONSIBILITY: The seller is the responsible party for all representations made about his/her cattle.

LIABILITY: The management of the sale assumes no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.

CHANGES: Any changes from printed material will be announced sale day. Announcements from the sale box take precedence over anything printed in the catalog.

PAPERS: Registration papers will be transferred by sale personnel at no cost to the buyer, each buyer must be sure to give the clerk his proper name and address for transfers. All calves born after the sale are to be registered by the purchaser. NO AI SERVICE CERTIFICATES WILL BE FURNISHED BY THE SELLER FOR BRED FEMALES.

Guarantees

BREEDING: All animals are guaranteed to be breeders (with the exception of):

- A. Injury or disease occurring after sale.
- B. Gross negligence or willful misconduct on the part of purchaser.

Cows with calves at side are presumed to be breeders with no further fertility guarantee.

SAFE IN CALF FEMALES: Have been examined by a competent veterinarian and are so guaranteed.

OPEN FEMALES: Have not been served and are so guaranteed.

Options and Privileges of Return or Adjustment

1. All claims for adjustment or refund must be made in writing within six months of sale date to the seller.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller in good condition and complying with health requirements of the sellers' state. The seller shall be entitled to six months to prove the animal is a breeder. If the seller is unable to prove the animal is a breeder, the seller shall replace the animal with another of equal value or refund the full purchase price.
3. If the female sold as "safe in calf", proves not to be in calf within 60 days, the seller shall be obligated to make a satisfactory adjustment on the purchase price or refund the purchase price upon return of the animal to the farm of the seller.
4. Any expense incurred for transportation shall be the responsibility of the purchaser, except that the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location of the sale.

Full set of rules are available upon request.

Welcome to the 2024 Kentucky Farm Bureau Beef Expo

For anyone involved in the state's cattle industry, they realize what an economic engine our livestock sector has become in the Commonwealth.

The sector has grown exponentially over the past 20 years and Kentucky now stands as the largest beef cattle producer east of the Mississippi and eighth in the nation.

Working in conjunction with the Kentucky Department of Agriculture, the Kentucky Farm Bureau Beef Expo continues to promote our cattle industry which now represents 16.5 percent of the state's total farm cash receipts.

This event helps to showcase the industry and is one of the premiere venues to buy, sell, and show some of the best livestock in the country.

The KFB Beef Expo has a rich history with its origins dating back to 1947 when it began as the Kentucky Angus Sweepstakes. Since then, many changes have taken place, but the purpose is still the same; to showcase the best cattle and highlight an industry so important to farm families across the state.

This year's Expo features nine different breed associations as producers from multiple states make their way to the Kentucky Fair and Expo Center for the event.

Much of the success of our cattle sector is due to the dedication of our farm families and the work each breed association has made to move forward in production, and quality. The KFB Beef Expo is a great place to see the results of those continuing efforts.

I would like to welcome each of you and hope you have a successful Expo and a great 2024 on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

MARCH 1-3, 2024

Dear Friends,

Welcome to the 38th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market. But despite challenges, the industry is still in the top five for Kentucky agriculture, with the latest figures showing gross receipts from the production of cattle totaling \$1.1 billion.

Agriculture across Kentucky saw some unique challenges in 2023, but the cattle markets showed resilience with Kentucky's calves and feeders fetching much higher prices at the end of 2023 compared to 2022. Economists from the University of Kentucky anticipate agricultural receipts for 2023 could be \$8.1 billion, just shy of 2022's record-high \$8.3 billion.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 33,000 farms with beef cattle, solidifies cattle among one of Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts, Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is the backbone of our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Hinton Mills

SERVING FARMERS SINCE 1918

www.hintonmills.com

Welcome to the 2024 Kentucky Farm Bureau Beef Expo. Hinton Mills is proud to help sponsor the 26th Annual All Breeds Pen Heifer Show and Sale this weekend. As in past years, several of the cattle that will come through the ring at this sale have been fed Hinton Mills feed, supplement tubs, or mineral. Others may have benefited from the animal health items or equipment we sell, such as vaccines, waterers, working systems, or scales. Whether you are trading with us or someone else, it's clear that the animals at this event each year have been well cared for!

The Hinton Mills farm supply business has been serving farm families in our region since 1918. We got our start in the cattle business when our founder, Frank L. Hinton, was orphaned after his parents died when he was a child. At a young age, he was able to help put food on the table by raising and selling calves. The money he earned selling cattle eventually became the seed money for our family business, Hinton Mills. Four generations later, we are still serving farm families like yours.

Hinton Mills has six farm supply locations scattered across northeastern Kentucky: Fleming County Farm Supply, Jabetown Mill, May's Lick Mill, Frank Hinton & Son, Hinton Mills Cynthiana, and Hinton Mills Mt. Sterling. We are also excited to announce that, this past year, we partnered on a tub manufacturing facility to better control the supply, quality, and price of the protein tubs we offer our customers. Our stores carry a wide variety of agricultural products, but our focus is on feed, seed, fertilizer, crop protection, animal health products, minerals, tubs, and fencing materials. We are very confident in our ability to provide our customers with the trusted products, service, and advice necessary to manage a farming operation of any type or size.

Just like our business, we know your farm business has been built on trust. That's why we won't take your trust lightly. Whether you're an old friend or first-time customer, we'll work hard to earn your trust with thoughtful, experienced advice about the right products for your unique farming operation. We hope you'll visit with our team at the Beef Expo or stop by one of our locations to let us know more about your cattle operation and how we can best serve you. We appreciate the opportunity!

Sincerely,

The Hinton Mills Team
