Dear Friends,

Welcome to the 38th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market. But despite challenges, the industry is still in the top five for Kentucky agriculture, with the latest figures showing gross receipts from the production of cattle totaling \$1.1 billion.

Agriculture across Kentucky saw some unique challenges in 2023, but the cattle markets showed resilience with Kentucky's calves and feeders fetching much higher prices at the end of 2023 compared to 2022. Economists from the University of Kentucky anticipate agricultural receipts for 2023 could be \$8.1 billion, just shy of 2022's record-high \$8.3 billion.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 33,000 farms with beef cattle, solidifies cattle among one of Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is the backbone of our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Welcome to the 2024 Kentucky Farm Bureau Beef Expo

For anyone involved in the state's cattle industry, they realize what an economic engine our livestock sector has become in the Commonwealth.

The sector has grown exponentially over the past 20 years and Kentucky now stands as the largest beef cattle producer east of the Mississippi and eighth in the nation.

Working in conjunction with the Kentucky Department of Agriculture, the Kentucky Farm Bureau Beef Expo continues to promote our cattle industry which now represents 16.5 percent of the state's total farm cash receipts.

This event helps to showcase the industry and is one of the premiere venues to buy, sell, and show some of the best livestock in the country.

The KFB Beef Expo has a rich history with its origins dating back to 1947 when it began as the Kentucky Angus Sweepstakes. Since then, many changes have taken place, but the purpose is still the same: to showcase the best cattle and highlight an industry so important to farm families across the state.

This year's Expo features nine different breed associations as producers from multiple states make their way to the Kentucky Fair and Expo Center for the event.

Much of the success of our cattle sector is due to the dedication of our farm families and the work each breed association has made to move forward in production, and quality. The KFB Beef Expo is a great place to see the results of those continuing efforts.

I would like to welcome each of you and hope you have a successful Expo and a great 2024 on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

General Sale Information

Terms And Conditions: Terms of the sale are cash or your good check, with settlement to be made with the clerk immediately following the sale and before cattle are removed from the sale site. Billed accounts are due within 10 days of the sale.

Phone Bids: If you are unable to attend the sale personally, simply contact one of the sale personnel whose phone numbers are listed prior to the sale. They will accept your bid in confidence and act as your agent at ringside.

Health: Each animal sells with a state approved health certificate for interstate shipment. It is the buyer's responsibility to make themselves aware of their state's health requirements.

Breeding Guarantee: The Standard Guarantee as endorsed by the American Shorthorn Association will be followed.

ASA Genetic Condition Disclaimer: Unless an animal is listed on the American Shorthorn Association "genetic condition status list", the American Shorthorn Association makes no representation of any kind as to whether or not the animal has a genetic condition.

Liability: Each animal is at the buyer's risk when sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale managers, or other affiliated personnel can be held responsible for any accidents, but they will make every effort to provide for the comfort and safety of those attending.

The Cherry bloodline speaks for itself and this heifer just shines a light on it even more. This your heifer is made right, so don't let her age fool you. The depth of body, stoutness, and added femininity makes for a very bright future for her in the show ring, but also the donor pen. Keep an eye out on our face book page, Cheyenne Cattle Company, for pictures and videos.

Lavender is a moderate, complete female that has been a favorite all fall. She has a good set of EPD's with a \$ BMI of 134. Her dam, a Saskvalley Stampede daughter, has been one of the top producers here year in and year out. And combining her with Fire Eye who has really been a consistent producer of attractive high performing offspring.

We are excited about this young heifer calf, she has the potential to do great things for her new owner. Kandy Kane really catches your eye with her attractive look and structural correctness. Her dam has never missed for us, she just keeps making nice females that go on to be productive cows. We are going to regret selling this one, you can't miss with an Imperative daughter, they make outstanding cows. CHV.

This one was pulled from the replacement pen so she is still greener in her condition, but get this one home, pour the coals to her and don't look back! Her best days are yet to come! We have a Plus bull in the show barn at home by her sire. Our numbers by him were small, but the quality was excellent - just as we expected! As usual, we were behind and didn't have her horns off in time for pictures, so call, text or email for updated pictures and video. We are probably a bit partial, but when breeding time comes, there is a bull that resides in Bethany, IL that would be at the top of our list to mate Mina to. If interested, let us know and we would be more than happy to set you up.

ST	13	SF	54.1

If you are looking for an April show heifer, look no further. This is a proven mating that has been competitive in the show ring, as well as the pasture. Her full sister was second in both the junior show and open show at the 2023 NAILE. Lucky Charm has lots of depth and spring of rib to go with a well designed look.

I purchased this heifer's dam from Martindell Shorthorns here at the Kentucky Beef Expo 8 years ago. This will be the first heifer I've ever let go out of her, and if more than one-fourth of my cows didn't go back to Martindell Jane, this heifer wouldn't be leaving either. She is a very fancy made heifer with that clean fronted, broody look, and a broad top. If she follows her mama's history, I expect her to be a great cow. Video available at Valleyvisafarms.com.

This heifer's sire, Byland Unbounded, is creating some outstanding females for us and August Rocks 30 will be a solid investment for the serious Shorthorn breeder. She is a Hot Commodity granddaughter which adds to the value of her genetic package. We purchased her mother from the Jester family in this sale just a few years ago. Good decision! Help yourself to this pretty, white starlet! THF, PHAF, DSF by pedigree.

This SULL Handsome Reward daughter is out of a Boardwalk heifer I bought from Gilman's. Her dam had some success in the show ring for us, but I was most excited to see what she could do in the pasture and she didn't disappoint. This heifer has impressed us since she was a calf and continues to get better each day. You'll like her depth and rib shape, stoutness and gentle disposition. She's wanted to be our best friend since she was just a few weeks old. Don't miss her sale day!

This blue roan Soggy Dog heifer is out of a Hi Ho Silver female that had a successful show career for us as a commercial heifer in Tennessee and then continued to impress in production. She has produced a maternal sister to this heifer that was reserve champion at the 2023 Tennessee Beef Agribition and another half sib that we retained. This heifer might be the best of the bunch though! She's been an eye catcher since she hit the ground. If you're into high quality ShorthornPlus, look her up in Louisville... you won't be disappointed!
