Directions to Kentucky Fair and Exposition Center

Located at the intersection of I-65 and the Waterson Expressway (I-264)
From the South, follow I-65 north to fairground signs
From the North, follow I-65 south to fairground signs
From the West, follow I-64 east to fairground signs
From the East, follow I-64 west or I-71 south to Waterson Expressway (I-264) to fairground signs

Dear Friends,

Welcome to the 38th Annual Kentucky Farm Bureau Beef Expo! As the largest beef cattle state east of the Mississippi River, Kentucky is blessed to have this event as a staple on our agriculture calendar each year.

Every year at the Beef Expo, Kentucky cattle producers show and sell some of the best cattle in the country to buyers looking to upgrade their genetics or take home a show project. This event is truly the place to be for the beef industry on the first weekend in March.

Over the years, we've seen ups and downs in the beef cattle market. But despite challenges, the industry is still in the top five for Kentucky agriculture, with the latest figures showing gross receipts from the production of cattle totaling \$1.1 billion.

Agriculture across Kentucky saw some unique challenges in 2023, but the cattle markets showed resilience with Kentucky's calves and feeders fetching much higher prices at the end of 2023 compared to 2022. Economists from the University of Kentucky anticipate agricultural receipts for 2023 could be \$8.1 billion, just shy of 2022's record-high \$8.3 billion.

These numbers show how important agriculture is to the state of Kentucky and cattle producers are a large reason for that. The nearly one million head of beef cattle in the Commonwealth and the more than 33,000 farms with beef cattle, solidifies cattle among one of Kentucky's top commodities.

As a cattle farmer myself, I know firsthand the hard work that goes into the beef industry from bottle-feeding calves to fighting the weather. It is that experience that forms my deep appreciation for the farmers across Kentucky who make this their passion year after year. Without their continued efforts Kentucky would not have the great agricultural community that makes it stand out amongst other states. Farming is the backbone of our state and cattle farmers are a large part of the equation.

Lastly, a lot of work goes into making this event possible every year. As always, I wish to thank Kentucky Venues CEO David Beck and his team for the many hours that went into hosting this event.

Again, welcome, and best wishes on an enjoyable and successful Kentucky Farm Bureau Beef Expo. If I or any of my staff can be of service to you, please don't hesitate to ask.

Sincerely,

Jonathan Shell
Commissioner of Agriculture
Commonwealth of Kentucky

Welcome to the 2024 Kentucky Farm Bureau Beef Expo

For anyone involved in the state's cattle industry, they realize what an economic engine our livestock sector has become in the Commonwealth.

The sector has grown exponentially over the past 20 years and Kentucky now stands as the largest beef cattle producer east of the Mississippi and eighth in the nation.

Working in conjunction with the Kentucky Department of Agriculture, the Kentucky Farm Bureau Beef Expo continues to promote our cattle industry which now represents 16.5 percent of the state's total farm cash receipts.

This event helps to showcase the industry and is one of the premiere venues to buy, sell, and show some of the best livestock in the country.

The KFB Beef Expo has a rich history with its origins dating back to 1947 when it began as the Kentucky Angus Sweepstakes. Since then, many changes have taken place, but the purpose is still the same; to showcase the best cattle and highlight an industry so important to farm families across the state.

This year's Expo features nine different breed associations as producers from multiple states make their way to the Kentucky Fair and Expo Center for the event.

Much of the success of our cattle sector is due to the dedication of our farm families and the work each breed association has made to move forward in production, and quality. The KFB Beef Expo is a great place to see the results of those continuing efforts.

I would like to welcome each of you and hope you have a successful Expo and a great 2024 on the farm.

Sincerely,

Eddie Melton, President
Kentucky Farm Bureau

- Looking for a horned heifer that covers the basics of brute cow function? Look no further, her presence and extension are captivating as she strides across the pen. This May born heifer still packs a punch keeping cattle stout and powerful. This heifer is sired by a full sib to GKB EJE 6011 Bellator 8072 ET, we purchased from GKB. 331L is full sib to our Lot 1 heifer in our online sale last fall, her sister looks incredible as a bred out on pasture. Everyone look in here for a good kind of cattle.

- 334L is the kind of cattle that can get it done in the pasture yet turn some heads in the show ring. This June born heifer is out of a first calf heifer that we purchased from Grimmel Girls in Maryland. Her soft, easy doing kind with her sound athletic build can make many more heifers to hit the replacement pen, yet still build a cow herd around. This one has had us excited since she hit the ground running!

- Here's our pick of the pen here at the ranch! This is the show heifer of the group we are consigning. This March born heifer has the striking presence, yet still comes with a super hip and hind leg; the kind that reads with plenty of longevity when turned the pasture. 306L is out of first calf heifer with a calving ease bull on the topside of her pedigree. With all the bells and whistles you could ask for; this female has the growability to produce cattle that grow and perform in and out of the pasture.

- 307L screams brute cow! Her basic build and function are incredible, her softness and easy doing kind is a cattleman's dream. While her markings may not be every Hereford enthusiast's preference, what she lacks in traditional markings she makes up for in representing a functional kind of cattle. This heifer is sired by a full sib to GKB EJE 6011 Bellator 8072 ET, we purchased from GKB. A March born heifer that can be bred to any kind of bull that can fit your preferences no matter your needs.

- An April born bull that has the goods! It seems to be a recurring event for us, but he's out of a first calf heifer. As you can tell our cattle can perform no matter their maturity. 322L is an easy doing bull that has a functional skeleton, yet plenty of extension ahead of his shoulder. This polled bull can make the replacement heifer that will be easy doin' and structurally sound; and can make cattle that perform. This bull is out of the same bull as our 334L, which is an Authority son. Be sure to look in here for your next herd sire!

- Makers Mark sure put his stamp on this one. Bold in her frame and color she definitely catches your eye. When you pair that with the old school genetics of her Sull Diana dam she becomes the total package. This heifer will work wonders in any program, even ones outside of the Hereford breed. She is backed by exceptional EPDs, classic eye appeal, and solid maternal nature. As a yearling she will sale as an open heifer. Please follow our 3R Herefords facebook page for updated pictures closer to the sale date.

- This heifer is a spitting image of her Sull Diana dam. With the added touch of Green's Makers Mark bull her pedigree brings her to the forefront for any breeding operation. The signature hereford look coupled with her phenomenal EPDs is bound to put some money maker calves on the ground. Exquisite in her design she could also follow in her dam's footsteps and demand to be noticed in the showing. Either way this heifer is a plus for any program. She sells as an open heifer. Please follow our 3R Herefords facebook page for updated pictures closer to the sale date.

- She is a show stopper. She is young but she has all the right pieces. She moves free and easy off of both ends. She has a ton of natural shape down here top and through her hip. Her mother is one of our young up and coming cow. Her dam is out of 2296, a bull that needs no introduction, and two-time National Champion Stockman 2059. This heifer sire is out of our new herd sire Deatsman Yellowstone, a bull that has done a great job adding power to our herd. Don't miss out on this heifer.

- This is our first year using Huston and he gave us 2 really good calves. This heifer screams brood cow. She is stout and big middle. This heifer is also very easy keeping. On the dam side she goes back to the great 29F and our National Champion Female MSU BR Markette 55N. Her grandmother is a full sibling to the 2008 Grand Champion Bull at the North American. We added Huston to are bull battery to add marbling and cow power, and boy did he.

- This is are fist Huston bull calf and we love this calf. Her is stout and square hipped. He get out and mover free and easy off of both ends. On the bottom side has have National Champion on top and bottom of his pedigree. MSU BR Markette was supper material cow for us, Flushing over 300 embryos over her life and Kahuma was the power bull in his day. We used Huston to add marbling and ribeye area to are herd. Don't miss out of this supper complete bull.

- A nice DRS Herefords bred heifer who is easy keeping, moderate framed, and backed by good cow families. Stacked pedigree with great breeding bulls like Federal, Mr. Hereford Cracker Jack, and Embassy! This heifers dam was sold at the Boyd Breeders Cup Sale. Think about return on investment with this one! Checked safe for a spring 2024 calf by MCS MR Clause, the Grand Champion Hereford bull at the 2022 KY Beef Expo.

- This American classic heifer is a sweetheart big time Show Prospect. This heifer always catches my eye with how much depth of body and how stout she is in her type and kind. If you want a heifer that will compete in the show ring and also make a donor cow, don't miss this heifer!

- Long as a well rope. Ultra feminine and attractive up front. And still wide pinned and square to the ground. This is the future show heifer, especially as a big bred. Her mother was a dominant show heifer for MC, winning on every stage, including her division as a Sr Yearling in Louisville. This one is primed to do the same. Last year quality, and first year broke!

- When we bought this heifer's mother, "KLD", we wanted a show heifer that would generate for us as a cow. We think it's pretty obvious she's done that with this fancy fall heifer calf. Goggle-eyed and red to the ground, this heifer got every bit of mom's power and dimension in a neater, smoother package. Don't be scared because you don't know her sire — he's better than a lot of AI bulls. He's the resident herd sire for Chance Young and has always cranked out winners and quality.

- A sure fire cow prospect. Her dam is big and stout with a gorgeous udder and abundant milk flow. The Blueprints are making exceptional females. This heifer is elegant fronted and nice balanced. A heifer that will show then make a front pasture cow. Buy with confidence.
- Sells open.

- We hate to part with this one. The Big Shot calves have been everything we had hoped for. 3009 is big middled and nice balanced with an extra shot of pigment. I am offering her only because we like to bring good ones and were fortunate enough to have 2 more heifers by him.
- Sells open.

WHOA.

MORE POUNDS. MORE CALVES. MORE PROFIT.

Herefords are known as the efficiency experts for a reason.
Herefords boost pregnancy rates by 7% and add \$30 per head in
feedyard profitability in a crossbreeding system.

And Hereford genetics bring unrivaled hybrid
vigor, longevity and disposition.

COME HOME TO HEREFORD.

Hereford.org | 816-842-3757

Terms and Conditions

TERMS: Terms of the sale are cash. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.

PURCHASE: Each animal will be at the purchaser's risk as soon as sold and can be moved after settlement has been made. The animal can be left in the West Wing for 24 hours at the purchaser's risk of loss or injury.

HEALTH: All cattle will have health certificates that will enable them to be shipped to any state.

CONSIGNOR'S RESPONSIBILITY: The seller is the responsible party for all representations made about his cattle. The management of the sale assumes no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.

CHANGES: Changes in these conditions will be binding only when reduced to writing and signed by the seller, buyer or clerk of the sale. Verbal agreements result in misunderstanding and the above rule is made to avoid such. Any changes in breeding dates will be announced sale day. Announcements from the sale box take precedence over anything printed in this catalog.

PAPERS: The certificates will be transferred to the buyer at the seller's expense. All calves born after the sale are to be registered by the purchaser. No AI certificates are furnished.

NOTE: As the sale manager, Kentucky Hereford Association is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the owners of the consigned cattle nor the Kentucky Hereford Association assumes liability, legal or otherwise, for any accidents which may occur.
